## SELECTMEN'S REPORT

The residents of the Town of Hancock are proud of the new recycling and transfer facility located at the site of our old landfill. In the fall of 1989 a special town meeting defeated a proposal to join Peterborough's existing recycling facility expressing the vote of the town to "go it alone." The Selectmen set up a committee to study and make recommendations to the town at the 1990 town meeting. One point had been decided in 1989, that the town unanimously supported mandatory recycling. With the goal of building a facility of our own, the committee, consisting of Bob Kierstead, Jack Roper, Ray Pierce, Bill Eva, and Wayne Fisher, came up with three options for the town. At town meeting last year, the residents of Hancock voted \$67,000 to fund a new recycling transfer facility. Local builders, tradesmen, and contractors helped speed the construction of the facility and it officially opened on November 3, 1990. The reaction of the town has been overwhelmingly positive, once more proving that Hancock is lucky to have such strong volunteer talent willing to help the town.

In other areas, notably town, school and county expenditures and the resulting taxes, the story is not so pleasant. In the face of several years of increases in tax bills, the Advisory Committee presented a lowered town expenditure proposal at the 1990 town meeting which met with strong voter approval. This year, in light of the poor economy and the increased school tax bite due to the construction bonds for the two new middle schools, we had no option in our budget deliberations this year. We have proposed an operating budget and warrant articles which, when offset by declining revenues, will result in no town tax rate increase. There will be a less than inflation increase for most town employees but no increases for fee-paid positions such as selectmen, town clerk, fire chief. The tax collector salary has increased to reflect the twice-yearly billing voted at the 1990 town meeting.

We hope that any slight reduction in services as a result of the zero increase in tax rate will be acceptable. We need to plan our highway road maintenance program more accurately and will be scheduling work on a five year plan basis. We need to plan for some replacement of capital equipment before our oldest trucks and other stock become too expensive to repair. We need to maintain our buildings at least at the level which keeps them from deteriorating and hopefully at a level which preserves the beauty of the village.

The warrant articles presented this year along with the operating budget represent the least spending we feel the town can withstand without serious reductions in services. We hear complaints about roads, brush, buildings needing work and so on. With this budget we feel the town can just adequately maintain its "headway". If the voters choose to

reduce the budget this year, we will be able to correlate those cuts at town meeting with specific reductions in services in order to give the voters the clearest understanding of what those cuts would represent.

We urge full attendance at not only our town meeting March 16th but also at the school district meeting March 9th. Almost 65 cents of every tax dollar goes to school funding so we all need to participate in those funding decisions as fully as we do those for Hancock.

The Board would like to thank all those people in Hancock who have made our work easier this year. Volunteerism is not dead in Hancock; it is alive and well and much appreciated by your selectmen. We thank you for your support, honest criticism, and the opportunity to serve our fine town.

**INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION**

To the Members of  
the Board of Selectmen  
Town of Hancock  
Hancock, New Hampshire

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Hancock as of and for the year ended December 31, 1990, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Hancock as of December 31, 1990, and the results of its operations and cash flows of nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town as of December 31, 1990, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

The entire report is available for  
inspection at the Selectmen's Office.

## HANCOCK FIRE DEPARTMENT

In 1990 there was a total of 118 calls. The breakdown is as follows:

45 Rescue Calls	31 Mutual Aid Calls
2 House fires	1 Partition fire
3 Chimney fires	4 Vehicle fires
7 Vehicle accidents	2 Smoke in buildings
7 Brush fires	8 Automatic fire alarms
1 Lost person	5 Misc. calls

As we look into the future years we see a need for more and much better record keeping. This year I have had to supply information to lawyers or insurance companies nine times. The N.F.P.A. is requesting that we keep records on all personnel as to their fitness and the amount and type of training they receive, also all equipment, when it is tested, the type of test done, and the results of the test.

The members purchased new pagers this year out of the money they have raised. These replace the old pagers that we had. Many of the old pagers were over 12 years old and the repair bills were averaging around \$130.00 per month. The new ones come with a five year guarantee. Also we purchased a gas powered circular saw to be used in ventilation of roofs in house fires. The net cost of these items after selling some of the old pagers at a very reasonable price, came to about \$8500.00. It is our hope that in future years, we will be able to do more in this way of helping the town defray some of the expense in the replacement and purchase of new major equipment that is needed.

This year as you know we sent out tickets for our raffle. The results were gratifying.

Robert Kierstead, Fire Chief

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During Calendar Year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All of these fires are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands.

## REPORT OF DIRECTOR OF HUMAN SERVICES

During the year 1990, \$15,340.22 was spent of town moneys for direct aid to applicants who qualified under the Welfare Guidelines of the Town of Hancock.

In the past, assistance was usually of a short duration, but because of the state of economy the cases are becoming more long term. Housing, electricity, heating and food were the categories covered.

Over and above the town expenditures, I spent \$13,727.40 from my Hancock Helping Hands Fund. Medical bills, arrears, day care, insurance, food, clothing, Christmas gifts and short term loans were covered.

Continued higher expenditures for Town General Assistance can be anticipated in 1991.

I thank those people who have given so generously to the Hancock Helping Hands Fund. Those who have been recipients of it are very grateful and I thank you from them.

Respectfully submitted,

## HANCOCK PLANNING BOARD

It was a quiet year, striding with the economy. There were far fewer subdivisions, boundary line adjustments, or other applications, probably a third of those a year ago.

The Board did a lot of work in the preparation of a few new Zoning Ordinances, in changing some, and in modifying the Subdivision Regulations. This report can't speak beyond the preparations; the town's voters will make their decisions next March. The most strenuous area has been the considerations for Flex Zoning. Meade Cadot has headed the Board's work and has made an excellent contribution. State law is compelling its municipalities to achieve structures that work toward affordable housing; the Board must do its best to work for that and for the desires and needs of the town's residents. Hearings to date have given some thoughts, and more hearings before town meeting will give the Board a feasible ordinance to present.

My job as Chairman is finished. I've enjoyed it. I've worked with Board members who have been strong, intelligent, unselfish, and supportive. I can only hope that future Chairpersons will work with the same kinds of people.

## RECREATION COMMITTEE

In 1990, the Recreation Committee made a conscious effort to expand activities in Hancock to include all ages and interests.

A Farmer's Market was started at the Horsesheds, with plans already being made for expansion in 1991.

Close to 100 Hancock children participated in the softball and baseball teams.

At Norway Pond, we saw a 90% increase in children taking lessons - over 150 children - and judging from the number of preschoolers at the beach, we can anticipate a further increase next year. We have discussed expanding the Town Beach with Selectmen. The Recreation Committee will be assessing costs of further expansion of the beach during 1991.

We assisted the Peterborough Youth Soccer League during the 1990 season. The field was utilized heavily during the fall, by all teams except the R-2's. With the arrival of the Junior goals this fall, we hope to see the R-2 team play on their home field.

We are beginning an inventory of all sports equipment owned or used by the town. This should help avoid any duplication of equipment.

Other Recreation Committee discussions during the year involved; walking trails at Camp Guild, an outdoor basketball court, and activities for our older population.

We would like to thank all those wonderful people who volunteered their time in support of the town recreation activities! What a difference you make!

## HANCOCK TOWN LIBRARY REPORT

The statistics below indicate increases in circulation, registered patrons and requests for Interlibrary Loan. Also on the increase are activities in the library.

The Hancock Elementary School classes and the Preschool visit the library twice a month for stories and new books and every week stories are read to the three to five year old children. Under the very capable direction of Maryann Hitchcock, Children's Librarian, the 70 children registered for the Summer Reading Program read 1496 books.

104 meetings were held in the Daniels Room including regularly scheduled activities such as the Reading Discussion Group organized by Deece Lambert, Great Decisions program moderated by Brownie and Bob McKinley, Financial Seminars conducted by Harv Ames and movies and stories for the children during the summer.

The tradition of art in the library continues with exhibits of work of local and regional artists in the Daniels Room and creations of Hancock children in the Children's Room

Without a very willing staff and a loyal and talented core of volunteers these programs and activities would not be possible. Prior to Mrs. Hitchcock's appointment, Marge Hastings directed the children's activities. Sue Roper continues to serve as the Saturday librarian.

The library benefits from the gift of time and talents of the following volunteers: Barbara Woods, children's programs; Marianne Adams, art exhibits; Bea and George Dechert, book mending; Joan Watson; Janet Beach; and at the circulation desk, Betty Gunther; Thelma Babbitt; Dot Grim; Shirley Kane; Wales Meisinger; Mary Sheehan; Mary Ann Auth; Lynn Frank; Lois Corbett; Icy Lent and Edgie Kokoski.

In 1990 a major project was undertaken with completion planned for early 1992. The entire collection will be recataloged which will provide better access to the materials and a more accurate record of the library inventory.

Three trustees are responsible for maintaining the efficient operation of the library and give many hours of their time to this task. Howard Mitchell serves as chairman, Edmond Lapine is treasurer and Nancy Adams is the secretary. The volunteer spirit is alive and well at the Hancock Town Library and we look forward to a challenging 1991.

## LIBRARY TRUSTEES REPORT

During 1990, the Trustees and Library staff were able to bring to final completion the various odds and ends involved in the construction of the new library addition.

A report submitted by William Corbett, Treasurer of the Building Committee, shows that the total cost of the building project was \$529,917.86. The major expense categories as shown on the attached report were as follows:

Building contractor	\$264,672.00
Architect	49,029.15
Purchase of Danielsen property	125,633.91
Building equipment and furnishings	64,403.77
Landscaping	2,066.50
Legal and insurance	3,496.50
Contract settlements	4,470.00
Miscellaneous	9,146.03

---

\$522,917.86

In addition to providing library space which should prove adequate for many years to come, through the purchase of the Danielsen property, the building project has provided additional land for future library and town uses in the center of the town.

Once again, the trustees express their appreciation to all members of the Building Committee, Nancy Adams, Pat Briggs, William Corbett, Jean Eisenbeis, Robert Kierstead, Edmond Lapine, Howard Mitchell, Richard Quinn, John Roper, Sandra Weston, and architect, John Jordan. Their contributions of time and expertise made the final result possible.
